SPATIAL AND LOGICAL REASONING PRACTICE

STEM Thinking Skills Test Prep
Problem 1

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 2

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 3

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 4

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 5

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 6

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 7

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.
Problem 8

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

Which of the shapes below continues the sequence:
Problem 9

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

![Pattern Images]

Which of the shapes below continues the sequence:

![Sequence Images]
Problem 10

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

Which of the shapes below continues the sequence:
Problem 11

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

Which of the shapes below replaces the missing box above?
Problem 12

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

Which of the shapes below replaces the missing box above?

[Options provided]
Problem 13

The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the five (5) options should replace the question mark (?) to complete the pattern.

Choose the image that completes the pattern:

Which of the shapes below continues the sequence:
Problem 14

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the four (4) options should replace the question mark (?) to complete the pattern.
Problem 15

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the four (4) options should replace the question mark (?) to complete the pattern.
Problem 16

- The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the four (4) options should replace the question mark (?) to complete the pattern.
Problem 17

The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the options should replace the question mark (?) to complete the pattern.
Problem 18

The figures and shapes in each set of boxes combine to form a pattern. Your task is to determine which of the options should replace the question mark (?) to complete the pattern.
Problem 19

Choose the image that completes the pattern. The choices are also given in the pattern.
Choose the odd one out:
