RESEARCH TRACKER

Record of sources and notes for research project

As part of your task you must draw evidence from a range of informational texts to support your analysis, reflection or research. Remember to look for a range of both primary and secondary sources, evaluate the credibility of each source and cite sources accurately so you can reference them approproately within your work.

Research Topic:

Sub-topics and/or research questions:
-
-
-

Summary of main argument, perspective or points from source text	My own thoughts, opinions, analysis of argument
Direct quotations from the source text	Source Citation: - Title - Author: - Publication/Website: - Date of publication: - Date of access: - Web URL:
